Fund Features

- Hejaz High Innovation Active ETF (ASX: HHIF) seeks to achieve a (total) return at least equal to movements in the Benchmark over a rolling 5 to 7-year timeframe through exposure to a diversified equities portfolio of Shariah Compliant listed companies poised to outperform the broader market over the mid- to long-term. The Fund targets innovative leaders in sectors such as technology, biotech and renewable energy.
- Hejaz High Innovation Active ETF is generally suitable for investors seeking long term capital growth potential who are comfortable with a medium risk of market fluctuations and potential capital loss. The Fund may experience some degree of volatility in the returns in the short term however is expected to perform better compared to the market during periods of financial stress. This, in part, may be due to the Shariah overlays implemented by the Investment Manager.
- We believe that the searching for the best investment opportunities should not be limited by borders. Hejaz High Innovation Active ETF provides investors with exposure to both domestic and international markets. We believe that investment risks can be reduced through adequate diversification. The Fund's investment

approach is to research, screen, and then select quality investments, across Australian equities and international equities.

- Hejaz High Innovation Active ETF applies an ethical overlay and endeavours to invest in compliance with Shariah ethical investment principles. These principles create negative screens which exclude investment assets based upon the nature of their business activities and their failure to meet financial thresholds relating to debt, liquidity, and income.
