## Fund Manager

### Hejaz Financial Advisers Pty Limited

Hejaz Financial Advisers Pty Limited ABN 49 634 683 613, AFSL 517686 ("Hejaz Financial Advisers" or the "Fund Manager") being Hejaz Asset Management Pty Ltd ABN 69 613 618 821. The Fund Manager's role is primarily to assist the Responsible Entity with overseeing and monitoring the Investment Manager's investment and management of the Fund and to promote and market the Fund.

# 2. How the Hejaz Equities Fund works

The Fund is a registered managed investment scheme governed by the Constitution. The Fund comprises assets which are acquired in accordance with the Fund's investment strategy. Direct investors receive units in the Fund when they invest. In general, each unit represents an equal interest in the assets of the Fund subject to liabilities; however, it does not give investors an interest in any particular asset of the Fund.

If you invest in the Fund through an IDPS (as defined in the Reference Guide) you will not become an investor in the Fund. The operator or custodian of the IDPS will be the investor entered in the Fund's register and will be the only person who is able to exercise the rights and receive the benefits of a direct investor. Your investment in the Fund through the IDPS will be governed by the terms of your IDPS. Please direct any queries and requests relating to your investment to your IDPS Operator. Unless otherwise stated, the information in the PDS applies to direct investors.

## Applying for units

You can acquire units by completing the Application Form that accompanies this PDS. The minimum initial investment amount for the Fund is \$10,000.

Completed Application Forms should be sent along with your identification documents (if applicable) to:

Mainstream Fund Services Pty Ltd  
Client Services Registry Team  
GPO Box 4968,  
Sydney NSW 2001

Please note that cash and cheques cannot be accepted.

We reserve the right to accept or reject applications in whole or in part at our discretion. We have the discretion to delay processing applications where we believe this to be in the best interest of the Fund's investors.

The price at which units are acquired is determined in accordance with the Constitution ("Application Price"). The Application Price on a Business Day is, in general terms, equal to the Net Asset Value ("NAV") of the Fund, divided by the number of units on issue and adjusted for transaction costs ("Buy Spread"). At the date of this PDS, the Buy Spread is 0.20%.

The Application Price will vary as the market value of assets in the Fund rises or falls.

## Making additional investments

You can make additional investments into the Fund at any time by sending us your additional investment amount together with a completed Application Form. The minimum additional investment in the Fund is \$5,000.

## Distributions

An investor's share of any distributable income is calculated in accordance with the Constitution and is generally based on the number of units held by the investor at the end of the distribution period. Distributions are calculated effective the last day of each accounting period.

The Fund usually distributes income annually at 30 June. Investors will have their distributions automatically reinvested annually as at 30 June. There is no Buy Spread on distributions that are reinvested.

In some circumstances, where an investor makes a large withdrawal request (i.e. the withdrawal request is in respect of 5% or more of the units on issue), the Constitution may allow that their withdrawal proceeds may be taken to include a component of distributable income.

Indirect Investors should review their IDPS Guide for information on how and when they receive any income distribution.

## Access to your money

Investors in the Fund can generally withdraw their investment by completing a written request to withdraw from the Fund and mailing it to:

Mainstream Fund Services Pty Ltd  
Client Services Registry Team  
GPO Box 4968,  
Sydney NSW 2001

or sending it by fax to +61 2 9251 3525

or emailing the request to [registry@mainstreamgroup.com](mailto:registry@mainstreamgroup.com) (Please insert the Fund name in the subject line)

The minimum withdrawal amount is \$5,000. Once we receive and accept your withdrawal request, we may act on your instruction without further enquiry if the instruction bears your account number or investor details and your (apparent) signature(s), or your authorised signatory's (apparent) signature(s).

Equity Trustees will generally allow an investor to access their investment within 14 days of acceptance of a withdrawal request by transferring the withdrawal proceeds to such investor's nominated bank account. However, Equity Trustees is allowed to reject withdrawal requests, and also to make payment up to 21 days after acceptance of a request (which may be extended in certain circumstances) as outlined in the Constitution and Reference Guide.

We reserve the right to accept or reject withdrawal requests in whole or in part at our discretion.

The price at which units are withdrawn is determined in accordance with the Constitution ("Withdrawal Price"). The Withdrawal Price on a Business Day is, in general terms, equal to the NAV of the Fund, divided by the number of units on issue and adjusted for transaction costs ("Sell Spread"). At the date of this PDS, the Sell Spread is 0.20%.

The Withdrawal Price will vary as the market value of assets in the Fund rises or falls.

Equity Trustees reserves the right to fully redeem your investment if your investment balance in the Fund falls below \$5,000 as a result of processing your withdrawal request. In certain circumstances, for example, when there is a freeze on withdrawals, where accepting a withdrawal is not in the best interests of investors in the Fund including due to one or more circumstances outside its control or where the Fund is not liquid (as defined in the Corporations Act), Equity Trustees can deny or suspend a withdrawal request and you may not be able to withdraw your funds in the usual processing times or at all. When the Fund is not liquid, an investor can only withdraw when Equity Trustees makes a withdrawal offer to investors in accordance with the Corporations Act. Equity Trustees is not obliged to make such offers.

If you are an Indirect Investor, you need to provide your withdrawal request directly to your IDPS Operator. The time to process a withdrawal request will depend on the particular IDPS Operator and the terms of the IDPS.

### Unit pricing discretions policy

Equity Trustees has developed a formal written policy in relation to the guidelines and relevant factors taken into account when exercising any discretion in calculating unit prices (including determining the value of the assets and liabilities). A copy of the policy and, where applicable and to the extent required, any other relevant documents in relation to the policy will be made available free of charge on request.

### Additional information

If and when the Fund has 100 or more direct investors, it will be classified by the Corporations Act as a 'disclosing entity'. As a disclosing entity, the Fund will be subject to regular reporting and disclosure obligations. Investors would then have a right to obtain a copy, free of charge, of any of the following documents:

- the most recent annual financial report lodged with ASIC ("Annual Report");
- any subsequent half yearly financial report lodged with ASIC after the lodgement of the Annual Report; and
- any continuous disclosure notices lodged with ASIC after the Annual Report but before the date of this PDS.

Equity Trustees will comply with any continuous disclosure obligation by lodging documents with ASIC as and when required.

Copies of these documents lodged with ASIC in relation to the Fund may be obtained from ASIC through ASIC's website.

## 3. Benefits of investing in the Hejaz Equities Fund

Investing in the Fund offers a number of benefits including:

- Creating a positive impact which integrates moral values and socio-economic justice. The Fund's goals are not merely materialistic but a balance between the financial and spiritual need through incorporating ethical foundations which are based on achieving prosperity and fair distribution of income and wealth amongst members of the Fund, without negatively impacting society.
- Refraining from all forms of economic activities which are considered by the Investment Manager to be morally or socially injurious and companies which primarily operate in such sectors (e.g. alcohol, military, riba/interest, pig products, media/adult, tobacco, gambling and conventional financial institutions).
- Offering investors a simple way of accessing a diversified portfolio of investments across a variety of securities within the equities asset class, including international and domestic equities.

## 4. Risks of managed investment schemes

All investments carry risks. Different investment strategies may carry different levels of risk, depending on the assets acquired under the strategy. Assets with the highest long-term returns may also carry the highest level of short-term risk. The significant risks below should be considered in light of your risk profile when deciding whether to invest in the Fund. Your risk profile will vary depending on a range of factors, including your age, the investment time frame (how long you wish to invest for), your other investments or assets and your risk tolerance.

The Responsible Entity and Investment Manager do not guarantee the liquidity of the Fund's investments, repayment of capital or any rate of return or the Fund's investment performance. The value of the Fund's investments will vary. Returns are not guaranteed and you may lose money by investing in the Fund. The level of returns will vary and future returns may differ from past returns. Laws affecting managed investment schemes may change in the future. The structure and administration of the Fund is also subject to change.

In addition, we do not offer advice that takes into account your personal financial situation, including advice about whether the Fund is suitable for your circumstances. If you require personal financial or taxation advice, you should contact a licensed financial adviser and/or taxation adviser.

### Market and individual investment risks

Equity and bond markets and investments are generally volatile. The value of your investment in the Fund may fluctuate with the market. In addition, losses for the Fund may also not be linked to the market's overall returns. Such losses can arise for reasons specific to a company (e.g. a change in management) or if the Investment Manager makes investment decisions resulting in poor returns.

### Fund risk

The Fund could terminate. Laws affecting registered managed investment schemes may change in the future, Equity Trustees or the Investment Manager could become insolvent, and the fees and expenses could materially change. Investment in the Fund may give different results than investing directly in securities and instruments because of income or capital gains accrued in the Fund and because of investors redeeming from the Fund.

### Liquidity risk

There may be times when securities may not be readily sold (for example an exchange-imposed limit on price fluctuations on a particular day in both falling and rising market conditions) and this may impact the investment and markets to which the Fund has exposure. If there is an interruption to regular trading in a market generally, or for a particular investment to which the Fund has exposure, there may be delays in processing withdrawal requests. Neither the Responsible Entity nor the Investment Manager guarantees the liquidity of the Fund's investments or of investments in the Fund.

### Contractual risk

The Fund's counterparties may default on a transaction or the Fund's custodian may become insolvent. If this occurs, there may be additional costs or time delays associated with settling a transaction or appointing another custodian. This may have an effect on your ability to invest in, or redeem from, the Fund.

### Geographic risk

The Fund invests in securities in international markets. There are significant risks involved in investing internationally including political and social instability, governmental interference, liquidity risks, currency risks or foreign exchange controls.

### Derivatives risk

The Fund may invest in over the counter currency forwards or swaps to manage foreign exchange risk. Trading in derivatives exposes the Fund to additional risks - for example it may not be possible to readily liquidate over the counter derivatives given the absence of a market, changes in derivative values may not correlate perfectly with the underlying assets, and unexpected movements in market conditions or exchange rates may cause losses.

## Currency risks

Fluctuations in exchange rates may significantly influence the returns of the Fund's global investments. As a result, significant changes in exchange rates could impact the overall returns of the Fund. The Investment Manager proposes to use of foreign exchange contracts to reduce foreign currency exposure but this will not completely eliminate the exposure to foreign currency movements. In addition, the use of foreign exchange contracts to reduce foreign currency exposure can eliminate some or all of the benefit of an increase in the value of a foreign currency versus the Australian dollar.

## Pandemic and other unforeseen event risk

Health crises, such as pandemic and epidemic diseases, as well as other catastrophes that interrupt the expected course of events, such as natural disasters, war or civil disturbance, acts of terrorism, power outages and other unforeseeable and external events, and the public response to or fear of such diseases or events, have and may in the future have an adverse effect on the economies and financial markets either in specific countries or worldwide and consequently on the value of the Fund's investments. Further, under such circumstances, the operations, including functions such as trading and valuation, of the Investment Manager, Fund Manager and other service providers could be reduced, delayed, suspended or otherwise disrupted.

## 5. How we invest your money

**Warning:** When choosing to invest in the Fund or an option of the Fund, you should consider the likely investment returns, the risks of investing and your investment time frame.

## Investment objective

To achieve a (total) return equal to movements in the Benchmark over a rolling 5 to 7-year timeframe through exposure to a diversified equities portfolio of Sharia Compliant investments.

## Benchmark

iShares MSCI World Islamic UCITS ETF

## Minimum suggested time frame

Minimum 5 years

## Risk level

Medium

## Investor suitability

The Fund is generally suitable for investors seeking long term capital growth potential who are comfortable with a medium risk of market fluctuations and potential capital loss. The Fund may experience some degree of volatility in the returns in the short term however is expected to perform better compared to the market during periods of financial stress. This, in part, may be due to the Sharia overlays implemented by the Investment Manager.

## Investment style and approach

The Fund's investment approach is to research, screen, and then select quality investments, across Australian equities and international equities.

The Fund applies a rigorous and robust investment approach which encompasses an analysis of both quantitative and qualitative factors. It adopts an adaptive investment style by considering investments in terms of value, quality, and growth, across the short, medium and long term. The Investment Manager may use sub-advisors such as Carnbrea & Co Limited to assist with investment services of the Fund.

The Fund applies an ethical overlay to ensure compliance with Sharia ethical investment principles. These principles create negative screens which exclude investment assets based upon the nature of their business activities and their failure to meet financial thresholds relating to debt, liquidity, and income.

## Asset allocation

The Fund is a diversified fund with the following asset allocation ranges:

Asset Class	% Benchmark	
	% Range	Weighting
Australian Equities	10 - 40	30
International Equities	15 - 50	60
Cash	0 - 20	10
<b>Total</b>		<b>100</b>

The Fund may maintain an exposure to the asset allocation via investments in underlying funds.

## Labour, environmental, social and ethical considerations

The Investment Manager does not generally take into account labour standards or environmental, social or ethical considerations for the purposes of selecting, retaining or realising investments. However, the Investment Manager follows an Ultra-Ethical Code of Governance for the purposes of selecting, retaining or realising investments of the Fund.

## Ultra-Ethical Code of Governance (UECG)

### 1. Introduction

The Ultra-Ethical Code of Governance (UECG) outlines the Sharia Ethical Standards that the Investment Manager will abide by, in relation to the Fund, the Sharia Ethical Screens that will be applied during the investment selection process and the authorities that will govern the Fund from a Sharia ethical perspective.

#### 1.1 Purpose

The purpose of the UECG is to ensure that the highest levels of corporate governance and policy guidance are applied in the investment management of the Fund, in terms of Sharia Ethical Funds Management. This is done to increase investor confidence, align with investor values, and to become a net positive contributor to all stakeholders.

### 2. Sharia Ethical Standards Board

The UECG will follow the Sharia Ethical Investment Standards stipulated by an independent and recognised Sharia Ethical Standards Board which provide Sharia standards for Islamic investment principles.

#### 2.1 Selection of Sharia Ethical Standards Board

The Sharia Ethical Standards Board (SESB) will be selected by the Investment Manager. This selection will be made in consultation with Investment Manager's Sharia Compliance Board.

#### 2.2 Role of the SESB

The SESB is charged with the responsibility of preparing a set of standardised, applicable, and compatible Sharia Ethical Investment Screens to be applied when filtering investments to create a Sharia compliant investment portfolio.

### 3. Sharia Ethical Screening of Investments

The UECG requires that all investments must have Sharia Ethical Screening applied to them before they can be incorporated into the investment portfolio for the Fund. An investment must pass all the Sharia Ethical Screens for it to be added to the portfolio. The Investment Manager is charged with the responsibility of ensuring that investment screening is undertaken in accordance with the requirements set by the SESB.

#### 3.1 Initial and ongoing screening

The Investment Manager is charged with the responsibility of ensuring that Sharia Ethical Screening is conducted as frequently as required by the Investment Manager's Sharia Compliance Board.

#### 3.2 Delegation of Screening responsibility

The Investment Manager may delegate the responsibility of conducting the Sharia Ethical Screening of investments by way of contracting a third-party to provide this service or an individual to carry out this task. Delegation of this authority must be conducted in consultation with the Fund's Sharia Compliance Board.

### 4. Sharia Ethical Investment Screens

The Investment Manager, in consultation with the Sharia Compliance Board, will ensure application of the criteria stipulated by the SESB to complete the Sharia Ethical Screening process.

### 5. Sharia Compliance Board

An independent Sharia Compliance Board, appointed by the Investment Manager, will provide Sharia Ethical governance advice to the Investment Manager and Responsible Entity, and Sharia Certification in relation to the Fund.

### 5.1 Role of the Sharia Compliance Board

The primary roles of the Sharia Compliance Board in relation to the Fund will be to:

- Undertake annual Sharia audit of the Fund to ensure compliance with guidelines and Sharia Ethical Screens as required by the SESB
- Provide Sharia Certification to the Fund upon completion of each successful audit
- Provide guidance on the frequency of Sharia screening
- Provide guidance to the Investment Manager in relation to the Fund on its wider social role

#### 5.1.1 Supporting the Sharia Compliance Board

The Investment Manager must ensure that the Sharia Compliance Board has a high level of autonomy and independence in conducting their activities, protecting them from commercial pressures.

The Investment Manager must also ensure that the Sharia Compliance Board is well resourced to ensure full compliance with both legal and Sharia Ethical requirements.

## Fund performance

Up to date information on the performance of the Fund can be obtained from <https://www.hejazfs.com.au/documents-and-forms/>. A free of charge paper copy of the information will also be available on request.

## 6. Fees and costs

### DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns.

For example, total annual fees and costs of 2% of your investment balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower fees. Ask the fund or your financial adviser.

### TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** Moneysmart website ([www.moneysmart.gov.au](http://www.moneysmart.gov.au)) has a managed funds fee calculator to help you check out different fee options.

The information in the following Fees and Costs Summary can be used to compare costs between different simple managed investment schemes. Fees and costs can be paid directly from an investor's account or deducted from investment returns. For information on tax please see Section 7 of this PDS.

The performance fee is calculated by reference to a reasonable estimate of the performance fee for the current financial year, adjusted to reflect a 12-month period. See "Performance fees" below for more information.

## Additional Explanation of Fees and Costs

### Management fees and costs

The management fees and costs include amounts payable for administering and operating the Fund, investing the assets of the Fund, expenses and reimbursements in relation to the Fund and indirect costs if applicable.

Management fees and costs do not include performance fees or transaction costs, which are disclosed separately.

The management fees component of management fees and costs of 1.89% p.a. of the NAV of the Fund is payable to the Responsible Entity of the Fund for managing the assets and overseeing the operations of the Fund. The management fees component is accrued daily and paid from the Fund monthly in arrears and reflected in the unit price. As at the date of this PDS, the management fees component covers certain ordinary expenses such as Responsible Entity fees, investment management fees, custodian fees, and administration and audit fees.

The indirect costs and other expenses component of 0.00% p.a. of the NAV of the Fund may include other ordinary expenses of operating the Fund, as well as management fees and costs (if any) arising from interposed vehicles in or through which the Fund invests and the costs of investing in over-the-counter derivatives to gain investment exposure to assets or implement the Fund's investment strategy. The indirect costs and other expenses component is variable and reflected in the unit price of the Fund as the relevant fees and costs are incurred. They are borne by investors, but they are not paid to the Responsible Entity or Investment Manager.

The indirect costs and other expenses component is based on a reasonable estimate of the costs for the current financial year to date, adjusted to reflect a 12-month period. In relation to the costs that have been estimated, they have been estimated on the basis of quotes obtained from vendors.

Actual indirect costs for the current and future years may differ. If in future there is an increase to indirect costs disclosed in this PDS, updates will be provided on Equity Trustees' website at [www.eqt.com.au/insto](http://www.eqt.com.au/insto) where they are not otherwise required to be disclosed to investors under law.

### Performance fees

Performance fees include amounts that are calculated by reference to the performance of the Fund. The performance fees for the Fund are 1.31% of the NAV of the Fund. In respect of the Fund first offered in the current financial year, the performance fee figure that is disclosed in the Fees and Costs Summary is calculated by reference to a reasonable estimate of the performance fee for the current financial year, adjusted to reflect a 12-month period.

In relation to the performance fees that have been estimated, they have been estimated on the basis of relevant information for a similar product offering in the market offered by the Investment Manager.

A performance fee is payable to the Investment Manager where the investment performance of the Fund after management fees exceeds the Benchmark. The performance fee is 20.08% (inclusive of GST) of this excess and is accrued daily in the unit price and paid annually in arrears from the Fund.

No performance fees are payable until any accrued underperformance (in dollar terms) from prior periods has been made up (this feature is sometimes referred to as a high-watermark).

Please note that the performance fees disclosed in the Fees and Costs Summary is not a forecast as the actual performance fee for the current and future financial years may differ. The Responsible Entity cannot guarantee that performance fees will remain at their previous level or that the performance of the Fund will outperform the Benchmark.

It is not possible to estimate the actual performance fee payable in any given period, as we cannot forecast what the performance of the Fund will be. Information on current performance fees will be updated from time to time and available at [www.eqt.com.au/insto](http://www.eqt.com.au/insto).

### Transaction costs

In managing the assets of the Fund, the Fund may incur transaction costs such as brokerage, buy-sell spreads in respect of the underlying investments of the Fund, settlement costs, clearing costs and applicable stamp duty when assets are bought and sold. Transaction costs also include costs incurred by interposed vehicles in which the Fund invests (if any), that would have been transaction costs if they had been incurred by the Fund itself. Transaction costs are an additional cost to the investor where they are not recovered by the Buy/Sell Spread, and are generally incurred when the assets of the Fund are changed in connection with day-to-day trading or when there are applications or withdrawals which cause net cash flows into or out of the Fund.

The Buy/Sell Spread that is disclosed in the Fees and Costs Summary is a reasonable estimate of transaction costs that the Fund will incur when buying or selling assets of the Fund. These costs are an additional cost to the investor but are incorporated into the unit price and arise when investing application monies and funding withdrawals from the Fund and are not separately charged to the investor. The Buy Spread is paid into the Fund as part of an application and the Sell Spread is left in the Fund as part of a redemption and not paid to Equity Trustees or the Investment Manager. The estimated Buy/Sell Spread is 0.20% upon entry and 0.20% upon exit. The dollar value of these costs based on an application or a withdrawal of \$10,000 is \$20 for each individual transaction. The Buy/Sell Spread can be altered by the Responsible Entity at any time and [www.eqt.com.au/insto](http://www.eqt.com.au/insto) will be updated as soon as practicable to reflect any change. The Responsible Entity may also waive the Buy/Sell Spread in part or in full at its discretion. The transaction costs figure in the Fees and Costs Summary is shown net of any amount recovered by the Buy/Sell Spread charged by the Responsible Entity.

Transaction costs generally arise through the day-to-day trading of the Fund's assets and are reflected in the Fund's unit price as an additional cost to the investor, as and when they are incurred.

The gross transaction costs for the Fund are 0.30% p.a. of the NAV of the Fund, which is based on a reasonable estimate of the costs for the current financial year to date, adjusted to reflect a 12-month period. In relation to the costs that have been estimated, they have been estimated on the basis of quotes obtained from vendors.

However, actual transaction costs for future years may differ.

### Can the fees change?

Yes, all fees can change without investor consent, subject to the maximum fee amounts specified in the Constitution. The current maximum management fee to which Equity Trustees is entitled is 2.00% of the GAV of the Fund. However, Equity Trustees does not intend to charge that amount and will generally provide investors with at least 30 days' notice of any proposed increase to the management fees component of management fees and costs. In most circumstances, the Constitution defines the maximum level that can be charged for fees described in this PDS. Equity Trustees also has the right to recover all reasonable expenses incurred in relation to the proper performance of its duties in managing the Fund and as such these expenses may increase or decrease accordingly, without notice.

### Payments to IDPS Operators

Subject to the law, annual payments may be made to some IDPS Operators because they offer the Fund on their investment menus. Product access is paid by the Investment Manager out of its investment management fee and is not an additional cost to the investor.

### Differential fees

The Investment Manager may from time to time negotiate a different fee arrangement (by way of a rebate or waiver of fees) with certain investors who are Australian Wholesale Clients. Please contact the Investment Manager on 1300 043 529 for further information.

### Example of annual fees and costs for an investment option

This table gives an example of how the ongoing annual fees and costs in the investment option for this product can affect your investment over a 1-year period. You should use this table to compare this product with other products offered by managed investment schemes.

EXAMPLE – Hejaz Equities Fund		
BALANCE OF \$50,000 WITH A CONTRIBUTION OF \$5,000 DURING THE YEAR		
Contribution Fees	Nil	For every additional \$5,000 you put in, you will be charged \$0
Plus Management fees and costs	1.89% p.a.	And, for every \$50,000 you have in the Hejaz Equities Fund you will be charged or have deducted from your investment \$945 each year
Plus Performance fees	1.31% p.a.	And, you will be charged or have deducted from your investment \$655 in performance fees each year
Plus Transaction costs	0.10% p.a.	And, you will be charged or have deducted from your investment \$50 in transaction costs
Equals Cost of Hejaz Equities Fund		If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees and costs of: \$1,650* <b>What it costs you will depend on the investment option you choose and the fees you negotiate.</b>

\* Additional fees may apply. Please note that this example does not capture all the fees and costs that may apply to you such as the Buy/Sell Spread.

This example assumes the \$5,000 contribution occurs at the end of the first year, therefore the fees and costs are calculated using the \$50,000 balance only.

**Warning: If you have consulted a financial adviser, you may pay additional fees. You should refer to the Statement of Advice or Financial Services Guide provided by your financial adviser in which details of the fees are set out.**

ASIC provides a fee calculator on [www.moneysmart.gov.au](http://www.moneysmart.gov.au), which you may use to calculate the effects of fees and costs on account balances. The performance fee stated in this table is based on a reasonable estimate of the performance fee for the current financial year, adjusted to reflect a 12-month period. The performance of the Fund for this financial year, and the performance fees, may be higher or lower or not payable in the future. It is not a forecast of the performance of the Fund or the amount of the performance fees in the future.

The indirect costs and other expenses component of management fees and costs and transaction costs may also be based on estimates. As a result, the total fees and costs that you are charged may differ from the figures shown in the table.

### Further reading

You should read the important information in the Reference Guide about fees and costs under the “Fees and other costs” section before making a decision. Go to the Reference Guide which is available at [www.eqt.com.au/insto](http://www.eqt.com.au/insto). The material relating to these matters may change between the time when you read this PDS and the day when you acquire the product.

## 7. How managed investment schemes are taxed

**Warning: Investing in a registered managed investment scheme (such as the Fund) is likely to have tax consequences. You are strongly advised to seek your own professional tax advice about the applicable Australian tax (including income tax, GST and duty) consequences and, if appropriate, foreign tax consequences which may apply to you based on your particular circumstances before investing in the Fund.**

The Fund is an Australian resident for tax purposes and does not generally pay tax on behalf of its investors. Australian resident investors are assessed for tax on any income and capital gains generated by the Fund to which they become presently entitled or, where the Fund has made a choice to be an Attribution Managed Investment Trust (“AMIT”) and the choice is effective for the income year, are attributed to them.

### Further reading

You should read the important information in the Reference Guide about Taxation under the “Other important information” section before making a decision. Go to the Reference Guide which is available at [www.eqt.com.au/insto](http://www.eqt.com.au/insto). The material relating to these matters may change between the time when you read this PDS and the day when you acquire the product.

## 8. How to apply

To invest please complete the Application Form accompanying this PDS, send funds (see details in the Application Form) and your completed Application Form to:

Mainstream Fund Services Pty Ltd  
Client Services Registry Team  
GPO Box 4968,  
Sydney NSW 2001

Please note that cash and cheques cannot be accepted and all applications must be made in Australian dollars.

### Who can invest?

Eligible persons (as detailed in the ‘About this PDS’ section) can invest, however individual investors must be 18 years of age or over.

Investors investing through an IDPS should use the application form provided by their IDPS Operator.

### Cooling off period

If you are a Retail Client who has invested directly in the Fund, you may have a right to a ‘cooling off’ period in relation to your investment in the Fund for 14 days from the earlier of:

- confirmation of the investment being received; and
- the end of the fifth business day after the units are issued.

A Retail Client may exercise this right by notifying Equity Trustees in writing. A Retail Client is entitled to a refund of their investment adjusted for any increase or decrease in the relevant Application Price between the time we process your application and the time we receive the notification from you, as well as any other tax and other reasonable administrative expenses and transaction costs associated with the acquisition and termination of the investment.

The right of a Retail Client to cool off does not apply in certain limited situations, such as if the issue is made under a distribution reinvestment plan, switching facility or represents additional contributions required under an existing agreement. Also, the right to cool off does not apply to you if you choose to exercise your rights or powers as a unit holder in the Fund during the 14 day period. This could include selling part of your investment or switching it to another product.

Indirect Investors should seek advice from their IDPS Operator as to whether cooling off rights apply to an investment in the Fund by the IDPS. The right to cool off in relation to the Fund is not directly available to an Indirect Investor. This is because an Indirect Investor does not acquire the rights of a unit holder in the Fund. Rather, an Indirect Investor directs the IDPS Operator to arrange for their monies to be invested in the Fund on their behalf. The terms and conditions of the IDPS Guide or similar type document will govern an Indirect Investor's investment in relation to the Fund and any rights an Indirect Investor may have in this regard.
